

**MIND**  
Research Institute

**ECCCLA** EDUCATION CONSORTIUM  
OF CENTRAL LOS ANGELES  
*connecting educators with resources*

**INVITES YOU:**

To attend a meeting to learn about an exciting grant opportunity designed to impact math achievement among students at invited schools throughout the Los Angeles area.

**Funding will provide:**

Perpetual licensing for MIND's innovative, research-based, visual instructional software for grades K-5 at the elementary level or the Secondary Intervention instructional software program for secondary schools.

Funding will also provide training for teachers and administrators on powerful program implementation and classroom teaching strategies.

If you have not yet done so already, please RSVP as soon as possible with the name of the person who will attend from your site and any district invitees.

See you there!

---

*The MIND Research Institute is a neuroscience and education research-based, non-profit corporation. MIND applies its distinctive visual approach to illustrating math concepts and building problem-solving skills as the basis for innovative, research-proven math education programs for elementary and secondary schools. In 2009, MIND's programs currently reach over 125,000 students and 5,000 teachers in over 700 schools in 22 states.*
